EXAMPLE:

KAT COLE

(CEO/President, N.A. Focus Brands)

"I can see the possible in people and situations where other people can't. And because I can see it, I can help other people see it. When I see people, everyone, every human, I understand that I am in the presence of greatness. Maybe potential greatness, or greatness unpolished, or greatness unfound, but every person has the ability."

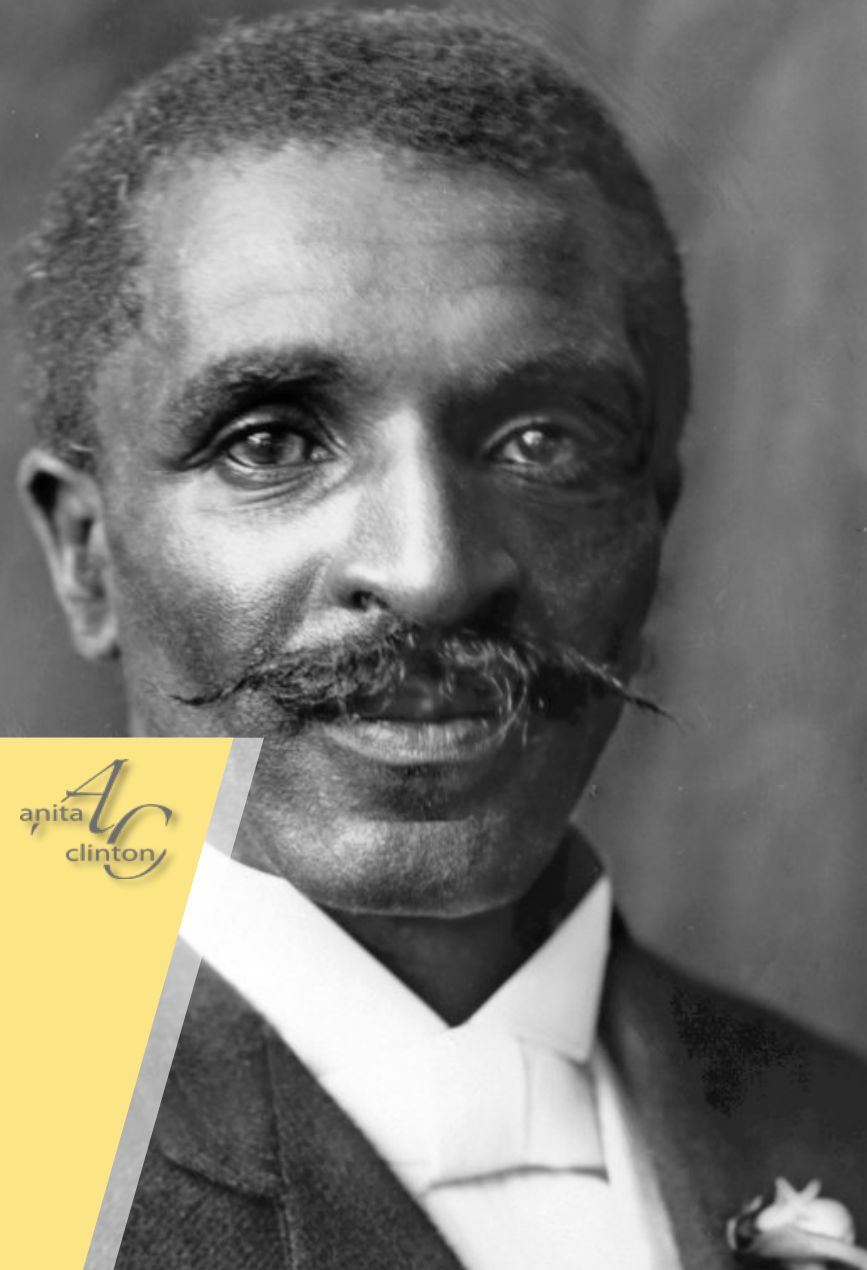

EXAMPLE:

GEORGE WASHINGTON CARVER (Scientist/Inventor)

"No individual has any right to come into the world and go out of it without leaving behind him distinct and legitimate reasons for having passed through it."

EXAMPLE:

CARLOS CASTRO

Dear Facebook User,

We're glad you're here. I know [LinkedIn](#) is a different world 🌐 so I'll be your guide. Please note the following:

1. This is not Facebook - we're not "friends" - we're a supportive business FAMILY. We didn't go to high school with you but we want to help you build your career, business or help you find your purpose.
2. Don't sell us your product, tell us your WHY, tell us about the challenges you've had to overcome to get to where you are. It's how we'll get emotionally attached to your brand and then become interested in your product or service.
3. Please don't pitch someone once you connect with them with a cheese copy and paste message. That's not our style. Reach out, learn about the other person and see how you can grow together and help one another.
4. We really value respect 🙌. It's totally cool to have a different opinion, but be respectful when interacting with your network.
5. This is a great place to learn from industry leaders! Start connecting, learning, engaging and building relationships. You're always one person away from your next BIG opportunity.
